

New Flex-I-Probe Sample Inlet

New Flex-I-Probe ruggedized sample-probe inlet for MiniRAE 2000, ppbRAE and VRAE gas detectors

All MiniRAE 2000, ppbRAE or VRAE detectors can be updated to the new "Flex-I-Probe" inlet simply by unscrewing the old probe and replacing it with the new one.

- Ruggedized, flexible, metal-reinforced probe can be bent for sampling at any angle
- Probe includes built-in, replaceable, cellulose C-Filter for improved operation in polluted and humid environments
- Available in 6.0 in (15.2 cm) and 12.0 in (30.5 cm) lengths
- Metal tip for easy insertion into sample tubing and calibration adapters

Part Number	Description	Compatible Instruments	Price
021-2400-100	Flex-I-Probe inlet replacement kit with 6 in (15.2 cm) length inlet probe. Probe includes one card with 10 spare C-filters.	MiniRAE 2000, ppbRAE, VRAE	\$75.00
021-2400-200	Flex-I-Probe inlet replacement kit with 12 in (30.5 cm) length inlet probe. Probe comes with one card of 10 spare C-filters.	MiniRAE 2000, ppbRAE, VRAE	\$100.00
024-2004-005	Replacement C-filter (five cards with 10 replacement filters)	ALL	\$25.00
